February 6, 2020

Dear Families of Incoming Kindergartners,

Thank you for your interest in Mary of Lourdes School! We are glad that you could join us for our MOL Kindergarten Parent Information Meeting.

Registration is presently open for families to enroll their child(ren) for our Mary of Lourdes Kindergarten Program. We will offer a “first come, first served” registration, using the following process: We will offer a 10 day window for current MOL and area parish families to return registration forms to school by Tuesday, February 18th. After the 18th of February, the school will accept registrations from all those interested. We encourage families to register their kindergartners as soon as possible!

We welcome families of all faith backgrounds and ethnicity to our school community! We have families who belong to Catholic parishes, as well as from many other congregations.

Parents’ positive participation in the life of the school sends a strong message to the children about the family’s commitment to their faith, education, and community. Volunteers bring ideas, energy, and expertise, and are an essential part of what makes our school great. Each family is asked to assist with the volunteering efforts of the school by giving of their time and talent. Each time you volunteer, you make a difference in our parish, our families, our community and the world!

If you haven’t already, we encourage our current MOL families and new Kindergarten families to sign up your child for our upcoming “Come and See Day” on Thursday, March 5th! There are two sessions available that day (morning or afternoon). It is a great way for new, incoming kindergartners to see what a typical kindergarten day is all about!

Thank you & God Bless!
